At the request of *Ms Carol Walsh* as agent for Blueblood Thoroughbreds, a veterinary examination of the above horse was undertaken at the Inglis Sales Complex, Warwick Farm, New South Wales on the 7<sup>th</sup> February, 2021.

**Clinical Examination**

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository, and a review of a video endoscopy examination performed on the horse. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, the I Am Invincible x Parker's Piece '19 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. I Am Invincible x Parker's Piece '19 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Blueblood Thoroughbreds and this letter may be relied upon by prospective investors who invest in the horse.
