

31<sup>st</sup> October 2023

### **VETERINARY CERTIFICATE**

**Horse:** FERNAO  
**Signalment:** 2019 bay gelding  
**Brands:** None  
**Microchip:** 985101045313504  
**Examined at:** Goffs Sale Complex, Kill, Co. Kildare

At the request of *Ms Carol Walsh*, of Blueblood Thoroughbreds, a veterinary examination of the above horse was undertaken at the GOFFS Sales Complex, Kill, Co. Kildare on the 31<sup>st</sup> October, 2023. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Blueblood Thoroughbreds.

#### **Clinical Examination**

The clinical examination included heart, teeth examination, ophthalmic examination, limb flexion and joint palpation which were normal. The horse was examined at rest, at the walk and trot. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis, or ataxia.

In my opinion, at this time, FERNAO presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. FERNAO is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Blueblood Thoroughbreds and this letter may be relied upon by prospective investors who invest in the horse.

Should you have any queries or concerns then please do not hesitate to contact me on 087 3656852.

PAUL ORMOND MVB MRCVS

A full-completed veterinary certificate for the above animal can be provided if requested. Please note the scope of a pre-bid examination of a horse at auction is necessarily and significantly limited. Abnormalities may therefore be undetected or significance underestimated, as a result of the limited scope of examination.
