

Veterinary Report

8/2/26

Horse: Proisir X Hail To The Queen '24

Signalment: Bay yearling filly

Brands: Left shoulder = L C inside circle Right shoulder = 1 over 4

Microchip: 985100012250479

Examined at: Lime Country Thoroughbreds, Barn D, Inglis Sales Complex, Warwick Farm, NSW 2170

At the request of Ms Carol Walsh as agent for Blueblood Thoroughbreds, a veterinary examination of the above horse was undertaken at Magic Million Sales Complex, Bundall, Queensland on the 8th of February 2026. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Blueblood Thoroughbreds.

Clinical Examination

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, the Proisir X Hail To The Queen '24 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. Proisir X Hail To The Queen '24 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above-mentioned horse, the proposed syndication or Blueblood Thoroughbreds and this letter may be relied upon by prospective investors who invest in the horse.

Yours sincerely,

Dr. Pádraig Kelly MVB, MRCVS, Cert ESM (Equine Sports Medicine), MANZCVS (Large Animal Radiology) N8631

This certificate has been prepared for inclusion in the disclosure statement issued by the Syndicate and at the time of examination can be relied upon as a true document. The issuing veterinarian has no financial or other interest in the Syndicate or monies raised by the Syndicate. The examination was performed using EVA guidelines.
