On 21st May 2026, the above-described horse was examined for the purposes of providing a veterinary certificate for syndication for Blueblood Thoroughbreds.

The clinical examination included auscultation of the heart and lungs, recording of rectal temperature, ophthalmic examination, incisor teeth examination, forelimb and hindlimb flexions, and joint palpation which were all within normal limits.

In my opinion, at this time and within the confines of the examination performed the horse presented appears suitable for the purchase as a racehorse and suitable for public syndication for racing purposes and mortality insurance.

I confirm that I do not have any current financial interest or intended future financial interests or other interests in the above-mentioned horse, the proposed syndication or Blueblood Thoroughbreds and this letter may be relied upon by prospective investors who invest in this horse.

Should you require further information regarding this horse please do not hesitate to contact me.
