### **VETERINARY REPORT - SYNDICATION**

**Date:** 09 September 2026

**HORSES NAME:** Unnamed 2 year old filly

**SIRE:** Anamoe

**DAM:** Unequivocal

**MICROCHIP #:** 985100012247302

**COLOUR:** Bay

**BRAND:** NS SHOULDER: FF inside diamond conjoined.

**OS Shoulder:** 26 over 4

This is to certify that I saw the above mentioned horse on the 8th September 2026 at the request of Blueblood Thoroughbreds. Within the limits of the examination the horse appeared to be in good health and condition. There was no pain reaction to limb flexion and no evidence of lameness at the walk or trot. No abnormalities were detected on palpation of the limbs or on auscultation of the heart and lungs. There was no evidence of infection or disease, laminitis, ataxia, or previous abdominal surgery. This horse has mild anterior capsule cataracts in left eye. These are congenital and unlikely to cause any vision impairment.

No specialised procedures such as endoscopy or radiography were requested or performed. Based on my examination, I find the horse suitable for syndication for racing.

**Cris Clarke BVSc (N5861)**

This certificate has been prepared as part of the disclosure statement for the syndication of the horse described above.

This certificate may be relied upon by potential investors, however it does not constitute a "pre-purchase" examination. I certify that I have no current, nor contemplate any future interest in the horse, other than to supply a veterinary opinion of the suitability for racing. Furthermore, I am aware that this report may be used by Blueblood Thoroughbreds for the purposes of syndicating and selling shares in the horse described above. If you have any queries please do not hesitate to contact me.
